CAMEO

I have over 10 years experience in the web field in all aspects of development from design through implementation. I have worked both independently and with a team and demonstrated that I am able to make substantive contributions in either environment.

I am seeking a permanent position in a small to midsize company or division where I can contribute to the growth of the company while maintaining and augmenting my expertise.

CONTRACT & PERMANENT EXPERIENCE

America Online, Sterling, VA

PROGRAM MANAGER - DEVELOPER

August 2004 – Present
